«The highest heroic effort of which old society is still capable is national war; and this is now proved to be a mere governmental humbug, intended to defer the struggle of classes, and to be thrown aside as soon as that class struggle bursts out into civil war. Class rule is no longer able to disguise itself in a national uniform; the national governments are one as against the proletariat!»

COMRADES,

A review like this can only fully succeed in its task of organising communist action if it has active participation of its readers and sympathisers. Any contribution you make - theoretical, critical or practical - will help us to forge a real revolutionary tool.

Use this material! It is no one's private property - it is part of the heritage of our class. The class that is fighting to destroy wage-labour and so all classes, all exploitation. Use these texts, discuss them, reproduce them,...

If our positions interest you - if you want to discuss them or to work with us - contact the INTERNATIONALIST COMMUNIST GROUP by writing to the following address (without mentioning the group's name on the envelope):

Our presence on the Internet 26

This review is produced by militants whose first language is not English. We arranged for comrades and sympathizers to translate the texts for this review because we see the necessity for internationalism. We are fully aware that there remain various mistakes and imperfections. It is up to you to help us make the next issue better in both content and form. We badly need English language documents, books, reviews,... on the communist movement to help write and translate articles. We ask our readers to contact us if they wish to give or exchange such titles (e.g. for similar French texts)

WARNING

We wish to thank B. Vandomme who as "chief editor" of this review allows us to legally publish and circulate our press. Nevertheless, this person does not answer politically for the content and the positions expressed in our press.

On the other hand the responsibility and the production of our articles are the result of a collective activity - this is the reason why the articles are not signed. They are the expression of a class that lives and struggles to destroy wage-labour and therefore all exploitation, all classes.
